October 5, 2011

Dear Colleagues:

We are pleased to provide you with a series of documents for the October 2011 meeting of the National Children's Study Federal Advisory Committee (NCSAC). Our meeting will be held October 19, 2011 at 5635 Fishers Lane in Rockville, MD. Invited participants include members of the NCSAC, the Interagency Coordinating Committee (ICC), and the Program Office (PO).

The Committee will receive an update on current National Children's Study formative research with highlights and data presentations featured at the August 24, 2011 NCS Research Day meeting held in Bethesda, MD.

Additionally, at the request of the Committee, included in the briefing book is a document presenting additional details regarding the rationale for potentially increasing the Study's sample size.

If you have any questions about the upcoming meeting or the information included in this letter, please feel free to contact me or Ms. Kate Winseck, Executive Secretary of the NCSAC. We look forward to seeing you at the October NCSAC meeting.

Sincerely,

Steven Hirschfeld, MD PhD
Captain, U.S. Public Health Service
Associate Director for Clinical Research
Acting Director, National Children's Study
